Clinical Appointments Policy
Overview

Academic Personnel Manual (APM) Sections:
• 350 (Clinical Associate)
• 279 (Volunteer Clinical Professor)
• 278 and 210-6 (HS Clinical Series)
Purpose of the Clinical Policies APM Revisions

• Clarify criteria for appointment and promotion in the Health Sciences Clinical Series

• Differentiate HS Clinical Series from the Volunteer Clinical Professor series

• Identify responsibilities, and specify terms of appointment/reappointment for Volunteer Clinical Professor series

• Create a new, non-faculty academic title for clinical practitioners without teaching responsibilities employed by University health system network sites and satellite healthcare facilities (Clinical Associate)
Clinical Associate
(Non-Faculty Academic) APM 350

Definition: Volunteer clinicians (non-faculty) who contribute to the University of California using their expertise, knowledge and perspectives but have no teaching or research obligations to the University

- Must be employed at locations affiliated with UCSF including University-managed clinics, practices, satellites, health system networks and other affiliated clinical entities

- Appointment is on a volunteer basis and does not constitute employment by the University
Clinical Associate Characteristics

Responsibilities: Patient care at UC Health system satellite or UC patient care facility; teaching NOT expected or required although minimal incidental teaching may be okay.

Restrictions:
• Appointment in academic home department only; NOT ORU, or UCSF Health
• Ineligible for UC salary under this title;
• Ineligible for transfer to another faculty title without a competitive search;
• No ranks and no emeritus status available;
• Requires active employment with UC Health System satellite/network/community hospital; UC appointment ends when the affiliate ends their employment
• May not hold a concurrent UCSF MSP physician staff appointment (see next slide)

Review criteria at UCSF:
• Affiliation with UCSF and/or UCSF Health System
• Professional competence
• Recognition by employer and UCSF as achieving acceptable quality standards for clinical care based on employer’s review
• Initial appointment requires appropriate license/credentials to practice in this field
• Approval authority: Department Chair Delegated in SoM and SoP; Dean Review Req’d SoD and SoN
A UCSF core clinical site employee with an MSP physician appointment can not also have a Clinical Associate appointment.

Core site MSP physicians provide oversight and training to UCSF students who rotate through their worksite, so teaching activities are inherent to their MSP physician appointments.

These activities make the Clinical Associate title inappropriate. Departments should consider a Volunteer Clinical Professor (VCP) title for their MSP physicians.
• When do we Start the New Process?
  – Existing appointments: upon renewal of appointment
  – New appointments: 7/1/18

• What Are the Terms of Appointment?
  – Appointment/ Reappointment are 5yrs max
  – Appointments expire on end date, or when the individual no longer practices at the UCSF-affiliated facility or when the affiliation agreement between the University and the UCSF-affiliated facility ends
  – Appointments can also be terminated before the end of their terms without prior notice

VCP Series – Timing AND Reminders

- Advance system will send notifications to appointees to complete their attestation forms (GET TIMING FROM NED)
- If the attestation form is not completed, the appointment will be terminated, i.e. cannot be renewed. The following people will receive the notification of the termination.

- Give an example of terminal notice email here:
VCP Series – Timing And Transfers

• When do we Start The New Process?
  – Existing appointments: upon renewal of appointment or promotion action (whichever comes first)
  – New appointments: 7/1/18

• What About Transfers to Other Series?
  – Volunteer Clinical Professor → Clinical Associate
    – May be done via memo through 12/31/18;
    – Transfer after that date to Clinical Associate or at any time to another University title requires academic review;
  – Volunteer Clinical Professor → any other series
    – Requires a packet and may require search/search waiver
Definition: Non-Senate clinical faculty with responsibilities in teaching, scholarly/creative activities and university and public service

• Can be paid by UC or an affiliated site (e.g. VA, BCH - Oakland, Fresno)

• May also be without salary
Policy Changes For HS Clinical Series

What Changed?

• Review criteria for appointment/advancement:

APM 278-4 “Health Sciences Clinical Professor series faculty engage in scholarly or creative activities which derive from and support their primary responsibilities in clinical teaching and professional and service activities.”

What Does it Mean at UCSF?

• Scholarly/creative activity is no longer “optional” review category
• Local/wide/wide reputation are no longer rank requirements
• All WOS appointees must also engage in scholarly/creative activity, including faculty “paid by affiliates”
Policy Changes For HS Clinical Series

The definition of scholarly/creative activities for the HS Clinical series is very broadly defined. At UCSF, we anticipate that most if not all existing HS Clinical faculty are already meeting expectations.
UCSF Committee on Academic Personnel (CAP)
RE: New Expectations for Advancement and Promotion for Faculty in HS Clinical Series

At UCSF, CAP has provided further clarification/interpretation on APM 210-6c:

“The review committee should evaluate scholarly or creative activity from the perspective that these activities are generally derived from clinical activity and should be evaluated in the context of the candidate’s academic responsibilities and the time available for creative activity. In order to be appointed or promoted to Associate Professor or Professor rank in this series, the individual’s record must demonstrate contributions to scholarly, creative, or administrative activities”

[see reference chart in handouts for examples]
NOTE: The Clinical X policy (APM 275) did not change, but it is important to understand the differentiation between the new HS Clinical policy and the Clinical X policy with regard to scholarly/creative activities expectations.

Process Changes For HS Clinical Series

PROCESS CHANGES:

• All actions require 4 category evaluation in Chair’s letters; “N/A” will not be an acceptable rating

• Separate dossier checklists for HS Clinical faculty (WOS) distinct from VCP because the requirements have changed
HS Clinical Series – Implementation

• All reviewers will begin using the clarified HS Clinical series review criteria during FY 18-19
  – Appointments effective 7/1/18+
  – Promotions, 5 year reviews and accelerations, merits full Professor Step 5 to 6 and Step 9 to Above Scale with effective dates 7/2/18+

• This implementation includes anyone paid by a formal affiliate (e.g. VA, BCH - Oakland, Fresno)

Reminder: Appointees at formal affiliates must hold an HS Clinical series appointment WITH A STEP regardless of whether they are paid by UC
What if Someone Does Not Meet the Criteria for Scholarly/Creative Activities at UCSF?

- If a current HS Clinical faculty member with an assigned step does NOT meet the scholarly/creative activity review criterion upon their next academic review*, the reviewed action will still be approved if all other categories are satisfactorily met; however, they should be notified that no further advancement will be possible until such time as they meet the requirements.

*Includes: On-time/decelerated merits (except for merits to Full Professor Step 6 and Above Scale) and 5 year reviews. Promotions, accelerations, and merits to Full Professor Step 6 and to Above Scale will NOT be approved unless all criteria are met.
What about 5 year reviews?

• All HS Clinical series faculty not meeting the scholarly/creative activity criterion who are appointed prior to July 1, 2018 will receive “satisfactory – no advance” decisions for all 5 year reviews provided that all other criteria are met. They will be exempted from the revised scholarly/creative activity requirement for the purpose of 5 year reviews indefinitely, but they will not be eligible for further advancement.

What about HS Clinical Series faculty without salary, who are not paid by affiliates?

• If an HS Clinical WOS (no step) faculty member does not meet the revised scholarly/creative activity criterion, they will NOT be eligible for a promotion after July 1, 2018.

• Those appointed prior to July 1, 2018 may continue to be regularly reappointed at their current rank provided that all other criteria for the series are being met.

• Departments are encouraged to move individuals who do not meet the review criteria to another series as appropriate (e.g. VCP, Clinical Associate).

What if current appointee is now in the wrong series because of these policy changes?

• For the initial transition period, UCSF has developed a process that will facilitate moving groups of appointees to the proper series
  - Departments will need to discuss with appointees before moving them to new series.
Memo process:
1. Memo, signed by Chair, listing names for batch move submitted to VPAA prior to 12/31/18
2. VPAA will open new appointment packet in Advance to record action, adds template language to Dean Letter
3. Dean certifies the appointment packet (even if department delegated)
4. Shared Services keys based on the Advance notification

VCP \(\rightarrow\) CLIN ASSOC

For the following appointees I am authorizing new appointments as follows. I am confirming that the candidates below have been notified of this change. These appointments are effective the date of this letter unless otherwise noted below.
